

Washington Chapter

Our annual Chapter Sponsor program allows our vendor partners the opportunity to connect with members throughout the year, share their products and services, and show their support for the Chapter. Our sponsors gain an edge over competition through enhanced brand and product visibility and the relationship building opportunities the WASLA Chapter Sponsor Program provides. These packages include the opportunities below and special recognition by chapter leadership. Thank you for contributing to the success of our Chapter and our profession. We look forward to working with you.
